EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Att. Henkler on January 10, 2005.

The application has been amended as follows:

In claim 11, line 2, replace "second" (both occurrence) with – first --.

Reasons for allowance

The following is an examiner's statement of reasons for allowance:

None of the prior art disclosed or suggested to show the particular structure and/or the particular operation recited in these claims namely: the combination of "a first inverter circuit ..., the first NFET having a body and drain being coupled one to another, and the first PFET having a body and drain coupled one to another", "a second inverter circuit ..., the second NFET having a body and a drain coupled one to another, and the second PFET having a body and drain coupled one to another" and "wherein the body of at least one of the first NFET ... a soft error event at the cross-coupled inverter" as recited in claim 22; the combination of "a first inverter circuit ... , the first NFET having a body and drain being coupled one to another with a first capacitor, and the first PFET having a body and drain coupled one to another with a second capacitor", "a second inverter circuit ..., the second NFET having a body and a drain coupled one
